Table CCF7: *As you may know, several professional sports leagues, including the NBA, NHL, WNBA and MLS, have created 'bubble' environments in order to facilitate competition amid the COVID-19 pandemic (coronavirus). These set-ups involve all players and team staff living and competing in isolated locations away from the general public to avoid the spread of COVID-19.Do you support or oppose a 'bubble' set-up for college athletes in order to facilitate competitions like the 2021 NCAA men's basketball tournament?*
