

National Tracking Poll #2201054
January 12-14, 2022

Crosstabulation Results

Methodology:

This poll was conducted between January 12-January 14, 2022 among a sample of 2210 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on gender, educational attainment, age, race, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.
