

National Tracking Poll #2003106
March 27-29, 2020

Crosstabulation Results

Methodology:

This poll was conducted between March 27-March 29, 2020 among a sample of 1995 Registered Voters. The interviews were conducted online and the data were weighted to approximate a target sample of Registered Voters based on gender by age, educational attainment, race, marital status, home ownership, race by educational attainment, 2016 presidential vote, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.
